Fiscal systems and collection  
Legal identity  
Corruption & bribery

## INEQUALITY

## 5/10.EQUALITY

Women & girls  
Income, capital and spending  
Race, caste & gender  
Migration

## NATURAL RESOURCES

## 16.KNOWLEDGE

Acces to science  
Knowledge & sharing  
Patents  
Sharing genetic resources

## 6.FRESH WATER

Production  
Ecosystems  
Efficiency  
Recycle reuse  
Sanitation  
Management N&I

## 7.ENERGY

New renewable sources  
Efficiency of consumption  
Old sources

## 15.ECOSYSTEMS LAND

Desertification  
Forests  
Biodiversity  
Sustainable agriculture  
Threats

## 12 CONSUMPTION/ PRODUCTION

Sustainable production  
(Re)Use of natural resources  
Efficiency  
Waste treatment

## 14.OCEANS

Pollution  
Protection  
Acidification  
Sealevel

## 4.EDUCATION

Acces for all  
Literacy en numeracy  
Quality of education/teachers  
Means for education

## 13.CLIMATE CHANGE

Fossil fuel  
Cattle breed  
Deforestation  
Legal identity  
F-gasses
